Homepage Features

Britannica School: Early Elementary, crafted for Grades PreK–2, offers engaging, read-aloud articles with age-appropriate vocabulary, vibrant images, videos, and interactive features to keep young learners engaged. With easy navigation, students can dive into content made just for them!

Article and Media Browse

Students can explore available articles and media pieces through **six categories.** A **read-aloud feature** supports early readers, and **exciting visuals** make it easy for students to find what interests them most!

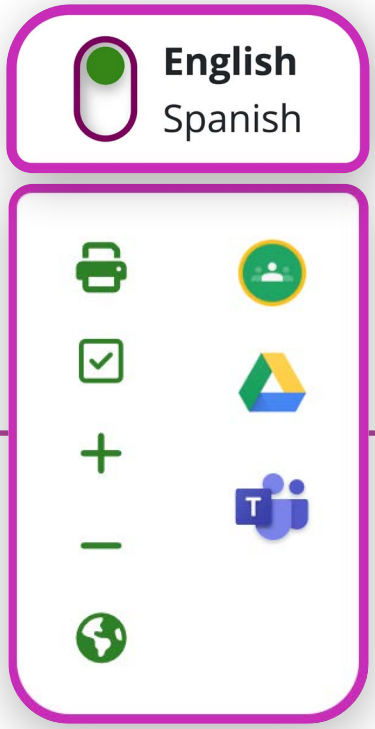

Search Bar

Support your students by helping them conduct a **keyword search** at the top of the homepage. Easily access the **exact article or media piece**, or view all results.

Articles

Explore low-Lexile range articles appropriate for young learners. Articles are sectioned and collapsible with less text to support emerging readers. Students can listen to articles read aloud, cite the article, and share through various platforms. They can also use the English/Spanish toggle to translate all media content into native Spanish.

Easy-to-Use Navigator

Effortlessly **print, cite** in four styles (MLA, APA, Chicago, and Harvard), **adjust the font size** for readability, and **share articles** directly to Google Classroom, Microsoft Teams, or Google Drive for **seamless classroom integration**.

Text Support Features

The **quick-click dictionary** allows you to quickly find definitions and Spanish translations for any word. A **read-aloud feature** with word-by-word highlighting is available via the play button at the top of each section, supporting emerging readers.

English/Spanish Toggle

An easy **toggle** between English and Spanish boosts language acquisition and accessibility, seamlessly translating **articles and all related media** into **native Spanish**.

Our article database grows weekly! **Discover our full collection**.

Tools and Learning Features

Britannica School: Early Elementary articles feature enhanced readability and engaging visuals, making information accessible, compelling, and easy to navigate.

Article Media Gallery

Easily preview and access all media at the **top of articles**, supporting self-directed learning.

In-line Visuals

Photos, videos, and illustrations within articles **add context** and **enhance readability**, creating an **immersive learning experience**.

Easy-to-Read Layout

Articles are **sectioned, collapsible, and broken up** with bulleted lists and fun facts, making information **simple and digestible for emerging readers**.

Interactives

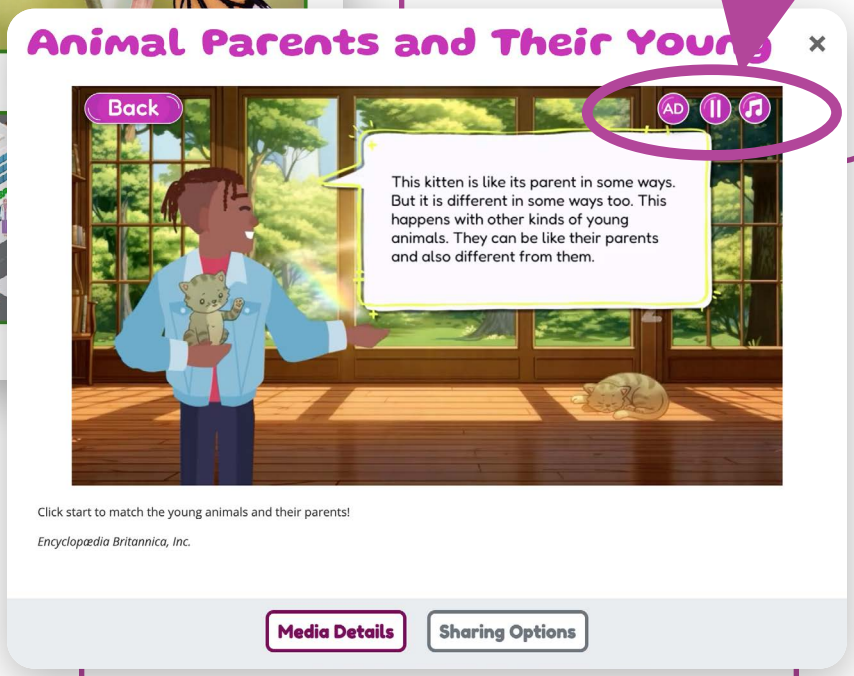

Browse the complete interactives collection or discover them as embedded activities within individual articles. These digital experiences encourage students to investigate, observe, and connect ideas and key concepts through active, gamified learning.

Interactive Tools

While exploring an interactive, pause or toggle the audio description or audio on or off.

Explore an Interactive

All interactives follow the same format: video introduction with instructions, point and click experience, and animated wrap-up.

Extend Learning Offline

Our open-access educator resource, Teach Britannica, offers implementation strategies for using interactives in the classroom. **Read p. 10** for details.

Britannica Fundamentals

If your subscription has Britannica Fundamentals enabled, it will inspire emergent learners to read, explore, play, and openly create in a vibrant environment. Set the tone for a day of exploration with colorfully illustrated stories, captivating images and videos, interactive maps, and a fun digital art board.

Read

Animated e-books introduce fundamental concepts and build language and comprehension skills. Topics range from animals and colors to places and shapes, with narrated, word-by-word highlighted text.

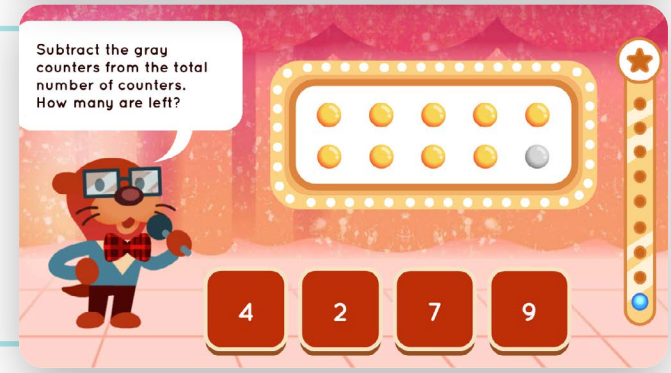

Explore

In the explore section students can browse seven global biomes and see where they're located on the interactive map.

Play

Interactive games build early literacy and math skills with multiple-choice and drag-and-drop questions guided by animated characters!

Create

Illustrate concepts or have fun drawing freely with brushes, colors, stickers, and backgrounds. Use the eraser, reset, and print options to customize and save creations.
